<https://racesignup.co.uk/site/event.php?eventid=2759>

**Please note: Due to safety and insurance reasons under 16's must be accompanied on their run by an adult.**

Once you have entered you will be emailed a copy of the map on the day the course opens. If you enter after the course has opened we will email you a map as soon as we can.

If you need a map printed, this can be collected at the Meet Up.

Unlike a conventional orienteering event, where you pick up your map after punching the start, you will have the opportunity to study the course and plan your route before you start. You are welcome to do this but we would ask that, for reasons of fairness, you refrain from looking at other

competitors tracks in the results section of the MapRun app before you have completed your own run.

**League information:** This is the fourth of our **Maprun League** events. The League is very low key and informal, just to provide a bit of competition for those who are keen! There are currently 8 events pencilled in although we may add one or two more as we go along. Best 5 results to count towards your final League position. Scoring will be 100 points for the winner of each event, 99 for second, 98 for third etc. You are welcome to run the course as many times as you like but only your **first** run will count towards the League.

### **Results:**

Final results for each course will be published on the website as soon after each event as we can. MapRun has its own set of results which you can access on the app, therefore allowing you to follow progress of the results as people participate. You can run the course as many times as you like but only your **first** run will count as your result for the League.

**Safety Info:** Every effort will be made to ensure the event is safe for competitors and the public. We ask that at all times you adhere to the government's guidance on social distancing and follow the British Orienteering's Code of Conduct which can be found at:[https://www.britishorienteering.org.uk/COVID19\\_Safe\\_Orienteering](https://www.britishorienteering.org.uk/COVID19_Safe_Orienteering)  
It is vital that all attendees at this event act as ambassadors for the sport of orienteering at all times and consider how their actions may appear in the eyes of landowners or members of the public. Anyone who has symptoms of COVID-19, who is living in a household with someone who has a possible or confirmed COVID-19 infection, or who has been asked to isolate by NHS Test and Trace should remain at home.

You enter and participate entirely at your own risk.

For safety and insurance reasons under 16's must be accompanied on their run by an adult.

As this is a 'run in your own time' event there will not be any First Aid cover.

As always with urban events your biggest danger will be traffic! **Please take care when crossing all roads!**

Please be courteous to other people you come across in the area. Keep an eye out for cyclists, pedestrians, as well as cars etc. Oh, and other orienteers! Please be especially careful on narrow paths and lanes and round unsighted corners.

**To minimise risk please choose a quiet time of day to run. Perhaps take advantage of the light summer evenings. This course is not suitable for running in the dark. Remember that safety is more important than results.**

Check the weather before travelling and let your next of kin know where you are going.

Bright/fluorescent clothing is advisable.

A Risk Assessment has been completed for this event.
